

Auckland City Centre Resident's Group

AUCKLAND COUNCIL UPDATE | COVID-19 (coronavirus) Update #7 | 29 March 2020

Auckland Council has a number of workstreams currently running to respond to COVID-19 and ensure we can continue to provide essential services to Aucklanders.

**Public inquiries can be referred to the Auckland Council on 09 301 0101.
Visit OurAuckland.nz for the most up to date information.**

Auckland Council Cemetery Services

We have published an [OurAuckland story](#) on the status of our cemetery services during Alert Level 4. There are currently no funerals, tangi, attendance at burials or cremations, or services at our cemeteries. Our teams continue to carry out burials and cremations and work with funeral directors on supporting families during this time.

Council catering team cooks for Auckland City Mission

Auckland Council's catering staff have been redeployed to provide 400 meals a day, seven days a week, to support Auckland's rough sleeper community and those facing severe financial hardship. Read more in this [OurAuckland](#) story.

Reporting breaches (new information)

If you have concerns about a gathering of people, a non-essential shop or service that is open, anyone who is not self-isolating as required, or an event that breaches the criteria, you can report it to Police online at www.105.police.govt.nz. Do not phone 105. Reports will be prioritised based on risk.

Auckland Emergency Management

- Auckland Council's Auckland Emergency Management function is activated to support the All of Government (Health-led) response.
- It is helping to prioritise and lead non-health civil defence and emergency management activities, including the provision of materials, services and information.
- Follow Auckland Emergency Management on [Facebook](#).

General advice and information

- The Ministry of Health is the lead agency and all official information will be shared via www.covid19.govt.nz. This website has plenty of advice and information, including downloadable and translated resources.
- The government has implemented a four-level COVID-19 alert system that specifies public health and social measures to be taken against COVID-19. We are currently at alert level FOUR.
